Teaching Assistant mathematics knowledge enhancement course

The course will enhance the mathematics knowledge of teaching assistants. They will gain the necessary skills to support pupils within a mastery context; the course will explore questioning techniques, identifying and addressing misconceptions, the use of concrete-pictorial-abstract, and will look at mastering place value, the four operations and fractions at greater depth. Teaching assistants signing up to this course will be expected to attend all six sessions. The TA SKE National Project from the NCETM funds this course and it will be free to all participants.

To sign up to this course, please email: LNeedham@newbridgegroup.org

Dates: 10th October, 21st November, 30th January, 6th March, 3rd April, 19th June
